

## ESPN LOCATORS

### - Login session

`<a data-affiliatename="espn" data-language="en" data-regformid="espn" tref="/members/v3_1/login" data-behavior="overlay" data-route="false" href="#">Log In</a>`

## - Logout session

```
<a onclick="javascript:espn.memberservices.logout();return false;" href="#"
class="small">Log Out</a>
```

## relative Xpath

```
//li[@class='user
```

```
hover']//div[@class='global-user']//div[@class='global-user-container']//ul[@class='account-management']//li//a[@class='small'][normalize-space()='Log Out']
```

The screenshot shows the ESPN website interface. On the left, there's a sidebar with user information and a 'Log Out' button highlighted in red. The main content area displays sports news and a video player. On the right, the browser's developer tools are open, showing the HTML structure of the page. The 'Log Out' button's HTML code is highlighted in red, showing the onclick event and the href attribute.

## Deactivate account - ESPN Profile

```
<a href="/members/v3_1/modifyAccount" data-language="en"
data-behavior="overlay">ESPN Profile</a>
```

ESPN Profile Button - #global-header > div.container > ul > li.user > div > div > ul.account-management > li:nth-child(5) > a

## relative Xpath

//li[@class='user

hover']/div[@class='global-user']/div[@class='global-user-container']/ul[@class='account-management']/li/a[contains(text(),'ESPN Profile')]

The screenshot shows the ESPN website interface. On the left, there's a sidebar with navigation links like 'NBA', 'NFL', 'MLB', etc. The main content area features a large article about the USMNT World Cup squad. On the right, there's a 'Welcome carlos!' section with a 'Manage my:' dropdown menu. The 'ESPN Profile' link is highlighted in red in this menu. The browser's developer tools are open on the right, showing the 'Elements' panel. The Xpath for the 'ESPN Profile' link is highlighted in red: `<a href="/members/v3_1/modifyAccount" data-language="en" data-behavior="overlay">ESPN Profile</a>`.

Delete account - `<a id="cancel-account" ng-disabled="vm.busy" ng-click="vm.cancelAccount()" title="Delete Account" did-translate="update.label.CANCEL_ACCOUNT" class="ng-isolate-scope" tabindex="0">Delete Account</a>`

The screenshot shows the ESPN account management page. The page has a 'Password (case sensitive)' section, a 'Personal Information' section with fields for First Name, Last Name, Gender, and Country/Region of Residence, an 'Address Book' section, and an 'Email Preferences' section. At the bottom, there's a 'Delete Account' button. The browser's developer tools are open on the right, showing the 'Elements' panel. The Xpath for the 'Delete Account' button is highlighted in red: `<a id="cancel-account" ng-disabled="vm.busy" ng-click="vm.cancelAccount()" title="Delete Account" did-translate="update.label.CANCEL_ACCOUNT" class="ng-isolate-scope" tabindex="0">Delete Account</a>`.

Yes, delete this account

<button type="submit" class="btn

btn-submit" id="BtnSubmit" data-testid="BtnSubmit">Yes, delete this

account</button>
